

NORWEGIAN LOG

SINCE 1984

BESPOKE LOG CABINS & FAMILY SANCTUARIES
2026 PRICE GUIDE

Each of our log homes includes a fully insulated roof and a suspended insulated timber floor, complemented by high-quality double-glazed timber joinery. We offer two wall specification options: the **Holiday Home** which uses our 75mm slow grown, laminated log and the **Residential** specification which includes an internal insulated cavity for enhanced thermal performance.

The standard **Internal Fit Out Package** features a bespoke Kitchen & Utility design, high-end appliances, luxury bathrooms, premium flooring, and complete electrical, heating & plumbing systems, including mains pressure hot water. Remember, every option is bespoke and can be adapted to meet your individual requirements.

The prices provided are intended as a guide and are calculated based on a 50-mile or 1-hour driving radius from Reading. Please be aware that these prices do not include site delivery, which starts at £1,600.00. The final price will be determined by factors such as your site's postcode, accessibility, ground conditions, and any necessary site preliminary arrangements (like scaffolding, storage, welfare facilities, refuse disposal, and the provision of a suitable pitch according to our guidelines). A detailed specification will be provided within your comprehensive quotation.

All listed prices are **inclusive of VAT** where applicable. Please understand that all prices are contingent upon a thorough site survey and a formal written quotation, in line with our standard Terms and Conditions of Contract.
